31 Precinct Walking 10am-1pm Statewide Conference						

House or Committee Challenge

Whereas Senators are primarily students and role-models, who's eligibility and desire to participate in our organization is dependent upon the culture we create together; the DASB Senate resolves to institute a system to promote a positive working and cohesive environment by tracking the contributions of our committees' members and provide incentives for them to strive for the greatest excellence possible.

Points will be tallied monthly between committees, with rewards and consequences based upon their relative totals. The two lowest scoring committees will take on the monthly task of vacuuming the senate and wiping the tables, among other approved consequences. The top scoring committee will earn the privilege of skipping their next weekly cleaning duty, among other approved rewards.

Additional rewards currently under consideration are: Trophies, Prizes, a La Voz advertisement featuring the committee's excellence, etc. Failure to comply with consequences (but not by virtue of having them) may be considered a failure to fulfill a duty required by one's position, and therefore could accrue an absence.

DASB Executives, Judicial Board Justices, and our advisors can present cases to award and deduct points at the Exec meeting. Execs are allow to award points to all committees but they are only deduct points from their respective committee. The points will be posted in the office and will be updated weekly.

Ways to Earn Points for your Committee

1. Accomplishing tasks assigned to the committee by governing documents, the DASB Senate, or the Executive Advisory Committee.
2. Have the highest average (current) GPA (as a committee) (Note: GPA will be noted by our advisor only and will not be directly revealed. Only the ranking of GPA between committees will be revealed by our advisor).
3. Best committee attendance.
4. Most committee field hours completed beyond the minimum specified by the Bylaws.
5. Winning DASB Olympic events
6. Recruiting students to join the Senate or Clubs
7. Improvement in behavior
8. Good acts

Ways to Lose Points for your Committee

1. Being verbally, physically, or emotionally abusive; providing criticism alone without providing constructive suggestions; intentionally embarrassing another person in public for one's gain.
2. Late on deadlines (may be continuously applied each day or week the deadline is missed, depending upon urgency)
3. Skipping classes without medical reason nor having instructor's permission
4. Being tardy to or absent from appointments or meetings.

Note: Senators who are members of multiple committees will have their actions reflect upon the original committee for which they are a member.

Sana Kathuria

1. I learned about the DASB senate from my older sister who was on the senate two years ago. She had taught me a lot about the responsibilities of being a senator and has shown me how much work is put into being a senator which I am prepared to do.
2. I want to join the DASB senate because I feel that I can make difference with getting people around campus to interact with one another more and make it feel like a college like environment that so many people going to De Anza crave. I hope to achieve being one of the crowd and listening to exactly what the people want.
3. Some skills and experiences that I will bring to the DASB senate would be my communication skills. I feel that I have great social skills and am able to communicate with anybody and able to have stores and companies sponsor anything that is needed. I am great with setting up events. An experience I have had with setting up large events is in my high school I put together a fashion show in which over 500 people attended. I also have great leadership skills, an example of that is I put together Lynbrook's first ever Bhangra team.
4. I have become an agent of the Diversity and Events Committee and am planning on joining the marketing committee in order to learn how the inner part of the DASB works. I have also shown up to a couple of Senate meetings in order to learn how the meetings are organized and what the rules of the meetings are.
5. One of my strengths is organization. I tend to write everything down so I do not forget anything. Another one of my strengths is that I have good communication skills. Another strength I have is that I am curious. I tend to try and get to the bottom of things helping me gets things done in order to get there. A weakness I have is my time management skills, however I make that up with my organization skills so it evens out. Another weakness I have is that I am too detailed. I tend to focus too much on one project and seem to ignore others. Another weakness I have is I am impatient when I realize there is little time to complete the job so I want to get it done right away.
7. I would really like to join the DASB because I feel that I am the ideal person because my personality and work ethics and organization skills make me the ideal person for the position.

Issue: What student concerns do you feel the DASB should address?

It seems that the most common concern amongst the students is the new Myportal. A lot of people seem to have problem with trying to log into it because it either keeps crashing or freezing on them. Because of all these problems with the myportal, the students have to stand in a huge line in order to talk to admins. The DASB can help with that by getting everyone to vote on the parcel tax and using that money to get more admins to help the students. Another concern amongst the students is that there are not enough counselors, which could also be solved by getting the people to vote on the parcel tax. Another concern that the students have is that there are not enough parking spots in the parking lot. More concerns that the students had were that the bathrooms are too dirty, the food prices are too high, there are not enough spots in the classes, and the book prices are too high. Some more things that the students have concerns with and want are bus passes/eco passes, a new field and track, more student aid, lower parking fines, and less difficulty with processing with paperwork. It seems that most of these problems could be fixed with getting people to vote on the parcel tax.

Sana Kathuria

Please collect a minimum of ten signatures on the following issue. Then write a half page summary of the results obtained. Please type and include the question and your name on the paper. Be prepared to explain your findings at your third Senate meeting.

Issue: What student concerns do you feel the DASB should address?

Name (Signature)	Concern (Briefly)
Aashu Patel	better colonading
Bob	improving on food prices.
Phymer	girls restroom is dirty.
