

# ROSIE'S PUPPY BOOK

CINDY CASTILLO  
MARCH 2025

## ROSIE'S BIO FROM SILICON VALLEY HUMANE SOCIETY VET 11/7/24:

Skin/coat: Multiple bite wounds. Shy. Good body condition. Eyes clear. Ears clean. Permanent canines 25% in. Slight underbite. Lungs clear. Female. Healing bite wounds. This puppy was transferred from an animal shelter in Kings County in the Central Valley area of California. These areas are rural and primarily agriculture/farming focused. There are diseases and parasites that are rare to the Bay Area that may be more commonly seen in the Central Valley. Vaccines and treatments administered.

ARIA

## HSSV ADOPTION LISTING (THEY NAMED HER ARIA)

11/18/24: Here's what Aria's foster parents write about her: Aria is a sweet and gentle soul who has made incredible progress. When she first came to us, she was understandably a little shy and reserved, but over time, her curiosity and courage have really started to shine through!

Now, Aria is showing much more confidence and independence. She willingly approaches people, loves to explore her surroundings, and has even started to express herself in new and joyful ways. Watching her discover toys and chase us around has been one of the highlights of her journey. She's developing a playful side that we hadn't seen before, and it's a beautiful thing to witness! Aria is also making strides with her potty training. We're also slowly working on leash training, and though she's still learning, she's showing a lot of promise! This sweet girl has come so far and is ready to continue her journey with the right family. Aria is looking for a patient and loving home where she can continue to blossom. If you're looking for a dog who is ready to explore life and share her love, Aria might just be the perfect match! Will you be the one to help Aria take that next step in her journey? Come meet her today!

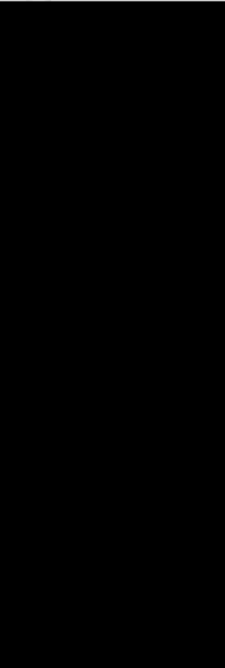

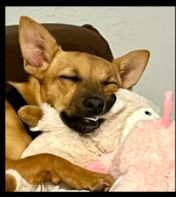

**COUCH SITTING**  
 I adopted her on 11/20/24 and gave her a new name, Rosie. Her first days were easy while she was still healing from the cleaning of her wounds and her recent spaying. She quickly learned the art of couch sitting next to me and loved to look out the window at the hummingbird feeders and the squirrels scampering in the yard.

**FRONT WINDOW LOOKOUT**  
 Rosie loves to watch the people, cars, squirrels and other dogs walking by the house from the front window, next to Coco's ashes.

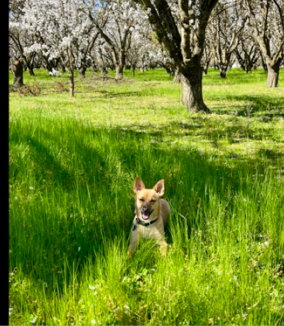

**KARINA'S VISIT**  
 Karina brought her a new blanket and lots of stuffed animals. She loved them immediately, even falling asleep while chewing on one!

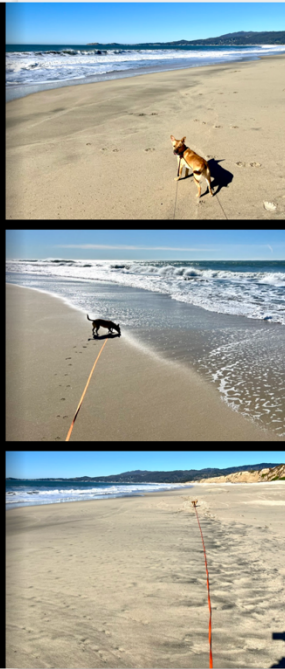

**MAKING FRIENDS**  
 Rosie loves everybody she meets including family and friends.

**LEARNING THE LEASH**  
 Rosie learned to love the leash early on. We walk every day about 2 miles. She sniffs and observes and runs and tastes just about everything in her path. She really loves grass, especially for running zoomies. Jay made her a sweater!

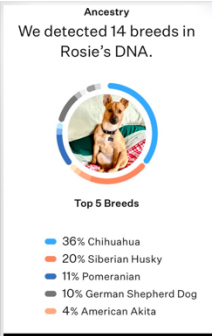

**NEW BED**  
She loves Coco's old bed, but often sleeps half in half out.

**BEACH TRIP**  
Rosie loved her first trip to the beach at Half Moon Bay.

**ROSIE'S DNA & SNUGGLES**  
She is a Huskiwawa! She loves to snuggle and stretch way out, legs back, on the bed in the mornings.

CHRISTMAS ROSIE

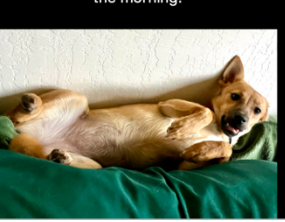

PUPPY SCHOOL

Rosie and I graduated from puppy class at the Humane Society.

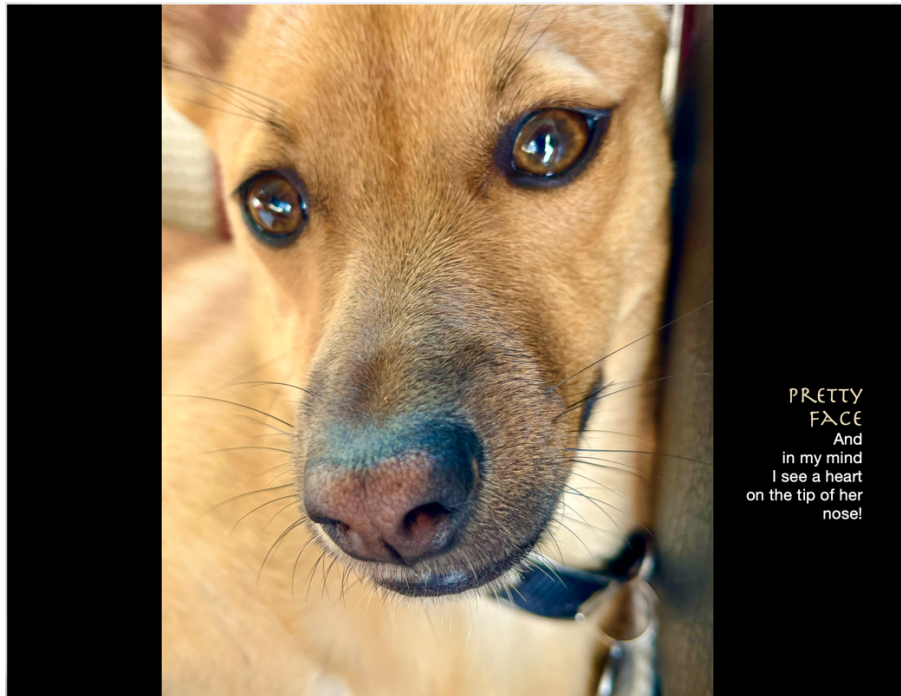

PILLOW TALK

Rosie loves to sleep behind my head on my pillow so we have pillow talk in the morning.

GIRL'S BEST FRIEND  
Something tells me this is all  
going to work out just fine!  
❤️

PRETTY  
FACE  
And  
in my mind  
I see a heart  
on the tip of her  
nose!
